

Historic Village

The five historic buildings located behind the Besser Museum were originally located in other parts of Alpena County. The Maltz Exchange Bank was located in downtown Alpena which is in Alpena Township. Directly south of Alpena Township is Sanborn township. Both Spratt Church and the Green School were located in Green Township. But Spratt Church was closer to Ossineke Township, while Green School was closer to Wellington Township. The McKay Log Home was in Wilson Township, while the Lousada Homestead was in Maple Ridge township. Maple Ridge is located between Long Rapids and Alpena Townships.
