H:	Fossil Park

Main Level

To get to Lower Level Classroom, take main staircase or elevator down and walk towards Fish display. Follow until end of hallway on Right side.

Before arriving, please remind the students about their **“Museum Manners”**. It’s the best way to keep our museum fun for everyone, for a long time to come!

- ◆ Please do not touch the art or artifacts, unless a Museum worker tells you that it is okay.
- ◆ Always walk at a safe speed, there is no need to run in the Museum!
- ◆ No food, beverages, gum, or candy come into the Museum, except for the room that you will eat lunch.
- ◆ Face masks are required in the planetarium
- ◆ Fossil Park is outside in the museum’s backyard. Dress appropriately for the weather.
- ◆ Always be considerate of ALL guests. That means your classmates, teachers, guides, and other visitors!

If you have any questions during the field trip experience, please seek one of our front desk helpers. They know a lot about the building, and can connect you with other staff members!

Thank you, and I look forward to seeing you!
